Like this

First of all shevayip, I don't think that it's a good idea to post pictures of yourself on gye, nobody could see my face in my picture, and second of all that picture had better have been photo-

As far as I know the only photo-shopping in the picture is the caption.

Don't worry that's not really my face i'm wearing a mask.

Might be helpful for those of us living in 'hiding'.

The above pic is very important to my sobriety. In the past I have fallen even after a long clean

span of time because I was focusing primarily on not engaging in what I imagined were the big challenges while allowing myself to slip on the so called "small things".

im just curious , in order for something to be included in a daily quote ,does it only have to sound wise, or does it also have to make sense?

Are you implying that some quotes are lacking in either?

That machlokes was done had a while ago, and the final p'sak was given by Inna (quoted below).

I invite you to join me in a corny or depressed thread for all the humor we can handle. I'm not sure if some of the last 20 posts can be classified as daily quotes.

I have to disagree with that. Literally anything anyone says can be classified as a daily quote as long as you quote it daily.

"Quote them even if they're not quotable"

-inna

So enjoy.... (occasionally making sense will probably be helpful though...

So is it a daily quote if you only post one once every 2 weeks?
