

Missing kitchen stuff...

Posted by xyxorwa - 25 May 2017 20:18

Does anyone else have the problem of things disappearing after Pesach?

We have not been able to find our salt and pepper shakers (for meat meals). Where could these things go? It's a month and a half and no sign of them. Probably they were taken down to the basement, so you'd think that that's where they are. But everything else came up again, and we can't find them.

Is this one of the mysteries of Jewish life??

Oh yeah, we're missing a bunch of stuff too. We emptied all the cabinets where we put stuff away and it's just not there. Maybe it's in your house?

I can't locate my recipe for blueberry brie cheese blintzas for Shavuos.

I am trying to make the filling with goat cheese and zucchini, but for the life of me, I cannot find where I put the index card.

Please help!

Gevura-- You're welcome to stop by and have a look.

One year, I had to smile. I was doing bedikas chametz, and under the radiator in the dining room, I found a piece of shmurah matza...
