

L'chaim! Let's Celebrate!

Posted by wilnevergiveup - 04 Dec 2020 11:49

Hi everyone, I realized that there are so many guy here that really need to celebrate, yet all we do here is talk about our problems and how to solve them. Sometime, when a guy is doing well, we really need to celebrate together, lift the spirits of everyone, even those who are going through a rough time.

...So I would like to make this place for anyone who feels like they deserve a l'chaim. Or for anyone who thinks someone else deserves one, they should give them a shoutout as well.

Please note, Friday night there will be no ice cream, only cholent and drinks.

L'chaim!

Ok, let me make sure everything is running smoothly.

Nice bar, cocktails and homemade beer by the keynote speaker, wine and bourbon for the caterer the famous Markz of "Grill Markz" catering. (Yes he's catering tonight, he started his career as a vintner but now....). Did you see his tiny car in the lot? It looks like an hors d'oeuvre parked next to Gevuras monsta (thanks for bringing the cows). Ok, nice sign hanging, we only serve shaken not stirred. I know I'm obsessed. Looks like Yehuda B and Lodaas are already sampling some good stuff.

Oh, the seating cards, there's a woman's side? We are lusters!!! Let's see who they invited, ok, Someone's Sister, Table 1, Someone's Aunt table 2, Someone's mother table 3...ok I guess we are safe. I wonder if Rebbetzin 7up is here...But let's get our builder, Rebuild613 to construct one heck of a mechitza. We should probably have Captain, YuYu and Oived Elokim or Testero, our Navy SEAL, (R' Guard too, if he still exists) our military dudes guarding the bulletproof mechitza, (although without a trigger....).

Whos the tech guy? Oh right we can hire i-man! With a name like that he's probably half computer. We need bouncers too..in case people get rowdy. Um...these millenials a wild bunch..not you AM you are a good one we need you as an usher. Ok, Bigmoish and Miggisbooms, will be the bouncers, I mean with a name like that he's probably from Kazakhstan and has a neck as thick as the beef on tonight's menu...I'm sure he'll be pretty scary. We also need a respectable maitre de, how about 5770? Is he available? If not I think MenachemGYE will do a fine job. Or R' Excellence. He seems super nice too. Oh wait, I got it! Dave M! Peeeerfect! He forsure has a lovely smile but can he pull off the required snooty air of superiority?

If you feel something can be better, please contact Looking_to_Improve. He's already on it!

Let me go check out my grilling station, maybe I should go to the mikvah first, this meat is gonna have a din of b'sar kodshim. OMG! Zedj and Jack123 are already chomping through the first batch...gotta run!

Sous chef Grant

Please leave me some bones and scraps of steak to feast on when the guests leave. I don't want to frighten anyone with my feline appearance...

No way! Scraps for such a chashuva lion, the king of GYE?!? Not on my watch! The choicest and juiciest cuts were put aside and placed in a golden bowl with the name "???? ??" emblazoned on it. Oh yeah, it's waiting on the dais.

Warning: Spoiler!

R' Grant,

?Your poem is beautifully written. I marvel at how we experience genuine joy at the successes of people who we have never met....But the truth is that that's only "in person;" in truth we know each other quite well so it's nisht kein groyse peleh."

Looking to forward to a celebratory shot of bourbon with the oilam (really!)

Dear Chevra,

I need your prayers.

Bez"H this Friday morning at 8 AM I am IYH being rolled into the operating room to donate a kidney to 22 year old near where I live.

The operation is IYH starting at 9 AM. Please pray. Please pray that everything should go well.

Thanks brothers

Can we have a tremendous l'chaim in honor of the amazing Harav Eyes! What has doing is mindblowing and one of the most selfless things possible. My respect knows no bounds and I stand in awe before him.

May this incredible mitzvah always remain by his and his familys side, showering then with bracha and hatzlacha!

May everything go smoothly and easily, and may the recovery be quick and painless!

Grant

16 days in. Today was groundbreaking. I was holding a hairbreadth away from acting out basically going that way, and for the first time ever, so close to falling, I snapped out of it and stopped myself. A public pat on my back!!!! Let's keep fighting!!!!!!

Just saw this and let me tell you, this deserves a l'chaim! This is what this thread is meant for, to celebrating the actual battles that are won!

Anyone want to join? I'm sticking to beer, it's going to be a porter style from our very own local brewhouse anyone else want? We've got IPA, golden ale and oatmeal stout on tap as well.

Grant's almost 90 days have done more for loads of other guys here than others can do in 900 days. May Hashem bench him with tremendous brocho v'hatzlocha. I would also dare say that as far as Grant himself is concerned, where he is up to today, at almost 90, won't look so different than day 900 - for he has BH graduated. But please stay!
