

The Grouchery: Haven for the Grumpily Disgruntled

Posted by youknowwho - 08 Mar 2024 15:01

Speaking to a few friends offline gave birth to this idea, it seems to be an urgent and immediate necessity.

Welcome to...**The Grouchery: Haven for the Grumpily Disgruntled**

This thread is a place where one can feel free to rant, vent and gripe.

It is a safe haven for negativity, sourness and blahness.

It is a place where one can be sure to find a healthy dose of demotivating advice. It is a place where any kind of positivity is strictly forbidden.

It is a place where you can vent about what a **rotten day** you're having and not worry that people will then reach out with concerned pm's/texts...*cuz nobody really cares*. And that's perfectly fine, why *should* anybody care?

Please Remember:

-**No** profanity (Sadly)

-**No** personal insults (Sadly)

- **Absolutely no:** Nice, positive, warm, loving, optimistic, motivational, supportive or inspiring posts. (Not sadly)

Enter at your own risk!

Why are there so many guys that forget to close their second bottom from their shirt?? No, it's not attractive! I don't want to look at your hairy chest, please either close your bottom or shave it.

In my opinion its worse than driving with a hat.

Whenever I see one of those yuckys, I always tell them "you missed a button", and proceed to unbutton their third button.

Warning: Spoiler!

Tell me you're not SSA without telling me you're not SSA.

60% of the time, it works every time.

Trying to decide how insulted I am to be called "those yuckys", as I am the very one who sometimes walks around with my second button open...yes, it's a big turn on for my wife. It's a *mitzvah* to walk around like that...no?

Should I walk around everywhere with my dusty hat and jacket and make my peyos all wild and scrunchy?

Wear a tight Gartel everywhere, including my bedroom?

Pull and twist at one side of my beard, till it looks like a tornado struck it?

Scratch the other side till I have white specs all over my jacket collar?

Deeply pick my nose in front of you?

And last but not least. To even *suggest* that it's worse than driving with a hat is downright scandalous!

REPEAT AFTER ME:

NOTHING IS WORSE THAN DRIVING WITH A HAT

If it's a turn-on for your wife, maybe take your shirt off too. Whatever it is, do it before you walk into the house, no need to walk around like that in the office, especially if there are other women there, this might be a turn-on for them too and I don't care what the hell you do in your bedroom.

Now, take your funny tornado-twisted, deeply scratched post off this grumpy thread.

Well, now I'M insulted. Was Heeling the one to call 'em "those yuckys"? No.

I WAS.

I ~~want~~ **deserve** all the credit and grouches that come because of my posts.

I had a really long day. Sweated multiple buckets. Drank over 1.5 gallons of water. Didn't eat a functional lunch, just some nuts and water.

Got home, immediately had to take care of the baby. Finally got a chance to eat, and then in the middle, had to go to mincha. Seeing as I had a minute to spare, I offered to change said baby's diaper, at which point I realized that we are clean out of diapers! (Diaper bag was empty too.) I ran to my in-laws house and got a diaper. Finally got the kid to shluff.

Now I'm on my couch, utterly spent, still sticky from sweat, still hungry 'cause I didn't finish supper. Will probably remain hungry because I friggin lost my appetite. Oh, and I still have to go shopping tonight, plus take care of laundry.

But eh, who reads this garbage anyways? And even if someone did read it, why would he care? He will probably just out-grouch me.

I feel a little different today. Almost like I've lost some of my karma . . .

The number doesn't matter, but if you've got something to say then say it. Doesn't help either of us this way.

You don't like something I said? I promise I won't disintegrate if you tell me what it is. In fact, I'll most likely thank you for helping me learn (though not on the Grouchery of course, CV).

Oooh look at this poor little boy. His life is so sweet he thinks he needs some tame little grouches to taste the pain.

Well boy welcome to real life. Where the pain is so real it can't be tamed, leashed, an paraded around as a pet grump. Pain that's written in blood on papers pressed from the ashes of our lives. Where we don't look for grouches - *they look for us*.
