

Israeli's Hangout

Posted by parev - 13 Jun 2024 07:54

This is a thread for us keeping 1 day, or for MS etc.

I met a american bochur on the light rail dressed for a trip - I said to him "keeping one day?
Enjoy your day off!"

He replies ah, are you keeping 1 day?

Warning: Spoiler!

As a ben aliya (halevai), I get to spend the day wishing I still kept two days and could stay home and sleep instead of working.

Ever try to go onto the artscroll site when it's shabbos/YT there?

Eh, dont mind me, I'll wake up eventually. And maybe these urges will go away..
