Ghostbuster

Posted by iyh2023 - 26 Mar 2025 02:03

As I was looking around GYE I noticed that there are a lot of ghosters, people that are here for a while but have never posted anything.

So I decided to open a thread dedicated to all the ghosters.

The rules are rule is simple, ABSOLUTELY NO REPLYYS (you can drop a "thank you" if you must, and dont forget to hit that subscribe button).

That way, we can lure the unsuspecting ghosts in and see how many views this useless thread gets.

G' luck!
