It's funny how reb GUARD just pot-up rules to this forum. I read through most of them, and realized that he still left a few loopholes for posts like this.....but a whole thread. Truthfully I don't drink, expect being yotzei the inyan of yayin on shabbos (so I drink enough to get inebriated.... the more control I can have, the more I drink), but there may be a firm basis to promote 'good-old AA'

How about you rename this thread, "AA SA both from eitz hada'as" BTW acc. to the sitah in the gemara that it was grapes, chava got drunk, and then had relations with the nachash. No there is a direct correlation between these addicitons.

BTW. All I got tonight is kedem grape juice :(

I'll tip my becher to you GUARD. I once tasted a specail batch of NON-MEVUSHAL jedem concord, It tasted like juice from EY!!! It's amazing whjatthe pasturization does to it! No it's not for sale, they give it to free to a yeshiva, and the rebbeim all get a years supply of it. So I got a taste, from someone who got it from one of those rebeim, great stuff (just watch-out for the cleaning lady!)
