Blended penguin and 2kilo mikva hairs. Dont forget.

Also, mix mercury and lemon juice in a blowl and add cement.

Put in chulint, it adds texture, makes it thicker.

Cook chulint on car engine. makes it lower in fat.

chulint is actually reference to chagat nehi, since its a bunch of the sheish kitzvos, so its a big chulint of kedusha.

Now, as any mekubal will tell you, when you eat bards chulint, and are michavein, aside from the nec. yichudim,

and you try to be mamshich netzach in mah up to sag, and then raise up a little man if you know what i mean, then youll get back some ma'd, and a few rapach will just fly back up into the tarach.

TALK ABOUT AN INTENSE CHULINT!

and by the way, how do i add a pic i already have on pc, to my gye profile-no yichudim please, just instructions, nice and easy

under Profile, go to Forum Profile, the first option on top is 'personalized picture'

and while we are on the topic of kabbalah

i once saw in Maor Vashemesh an important idea

he asks, what does the pasuk mean when it says ??? ?' ????????

if it means Kabbalah why is it a secret? any Joe Shmoe can buy a sefer (or a book) and learn it and sound like a mekubal

He answers that the secret is not the system of partzufim shaimos zivugim and such. Rather it is how each person has a secret personal connection to Hashem, something that cannot be verbalized or expressed adequately to another person. That is the secret.

the good news is that i am feeling very valiant at the moment

and you can serve Hashem **and** upload an avatar

go back there, click on upload an avatar, browse to your memory stick, select the pic, click ok and walla!

our favorite tzadik umekubal has an avatar

the bad news is that penguin hair has caused some severe heartburn in clinical studies and should only be ingested if followed immediately by a glass of Binyamina Orange Chocolate liqueur
