its great to find another long suffering ranger fan. Steve summers, man I miss him. moving south out the ny/nj area is hard for that reason. I missed seeing the live games so much i finally broke down and got the dish. i had to hear sam rosen again. i went to the city on a business trip last summer and i cut out of seeing customers early so I can visit the garden. nothing beats when the devils and rangers both lose, for me thats almost better then a rangers win!!! bardys just turned into a rangers sports bar.

rage, I think they can't score because they have no chemistry and it's been years since they have it. if you remember the rangers were at their best offensively when they had a real number 1 scoring defenceman. No number one d man, leads to no scoring. Then the kids are not finishers. And when you sign duds it is a mess. I really am sort of hoping they miss the playoffs and get another higher draft pick and move up in the draft and get a top 5 O prospect. I think that g-d is the only thing that can help them.

Unbelievable!!! Dont get to excited my dear sciman, its just a pre olympics tease. amke you think theyll come out strong, and instead youll get like a 7 game losing streak after the break! Sorry man it hurts me too, although by now im almost numb to the pain.

at least for two weeks we can think our team is good. I agree, I have a feeling after the "games" are over, the rangers season will go downhill even more. How about the Knicks? I really don't follow them that much anymore.
