are you going to address the burning issue of how to make sure all the kernels in the microwave-popcorn-bag get popped and don't give you a cracked tooth when you try to eat them?

WAFFLES

today we will learn how to make waffles.

- 1) go to freezer
- 2) open box of frozen waffles
- 3) take one out
- 4) put in toaster
- 5) take out of toaster while still piping hot, throw from hand to hand screaming "OUCH HOT HOT HOT"
- 6) ingest
- 7) digest
- 8)...you know what i'll stop there.
