Yep, if you want a good chulent -you can't rely on going to Chaim-Yankel the butcher. Every week he promises me that he'll save me a nice shtickle of possum flanken mit meirich beiner, and every week he gives it to Chani Friedstein. Veist duch ois az er hut oif ihr rachmunis, veill mir kennen zich shoin a bissel mit ihre mahn Heshy- If he don't get his chulent the way he likes it....

So ya just gotta try and get your own. Besides... It's much tastier fresh than that road kill Chaim-Yankel sells.

The only problem is that the galla comes out a bit shvach if you've only got one possum. So I guess I'm gonna have to catch two or buy galla at Meal-Mart...

just a clarification:

roadkill is kosher ...as long as you don't eat it

and ice cream is not fatteningunless you eat it

and i have enough money to last me the rest of my lifeunless i need to buy anything

EBD, is that a sneak preview of Chani's Daughter?

Chaim-Yankel The Roadkill Butcher is meshadech with the Freidsteins and by the oifruf the possum-gala gets burnt and they break the shidduch and Khalid saves the day?

To tell you the honest truth, I am no match for the Rebbe Reb B. when it comes to a serialized thriller...

The ending still left me hanging...

It was a bit extreme....

But even Chaim-Yankel the Road Kill Butcher wouldn't do a shidduch with Harry...

Unless it turns out that they met on GYE, and really grew together, mamesh like brothers...

Then when the shidduch is redt, each one blows off lots of steam on the other...

Harry: "A ROADKILL Katzev? ME HARRY...that shadchan Khaleed, what was he thinking?...So what if I was in recovery, am I never going to be like all of my normal friends? Doesn't money talk anymore? Look at Yanky..."

"I know Chani, I know they didn't take him because of me...it was because he was the best chassidishe Bachur in Brisk and had a Heter Hoyruah at age 17 and a half...

Chaim-Yankel:"All those shadchanim are the same piece of substandard raccoon that I wouldn't sell for half-price!!! Me? Chaim-Yankel, the biggest mayven in Road-Kill Butchery this side of the Mississippi...A mechutan with a cyber-pedophile like Heshy Friedstien? Mine Tatte gevein ah Road-Kill butcher, and my Zeide and his Zeide... Yichus meint shoin goornisht heint?

Charlie,

it's those long long lonely rides that make for the best bluegrass blues

i'll do strings

you do percussion

i'll do rhythm

you do beat

i'll tap my hands

you tap your feet

i'll think

you drink

you say gevaldig

i'll dance a jig
