Bishvili Nivra Ha'olam!

I **AM** a Somebody!

Why would you want to change your name?

(Besides, all the Posts which refer to "World" will become a bit confusing.....)

The first question is why you chose "world" in the first place and what you are looking for in your name.

okay.....

regarding the last 2 posts....

When I discovered gye, I was very excited, and wanted to sign up right away. I didn't want to spend time to think up a "perfect" name.

I picked an ordinary Jewish name, but for some reason the site didn't let me have it.

In my haste, I just picked the first word that came to my mind.

"world" seems to me to be an arrogant, cold, lifeless, weird, useless, pointless, thoughtless, tasteless, and strange name.

Also, now I've joined in the D.C. call, and everyone (almost) seems to have straightforward names.
