

GYE on NPR News, Very Impressive

Posted by feedtherightwolf - 04 Feb 2011 07:18

Just saw an article on NPR news that talks about GYE in conjunctions with XXXChurch, wow!
Well done!

With this kind of coverage you should get tons of new visitors, and hopefully help a lot of people.

Makes sense! We even had at least 2 extra callers on the afternoon 12 step call. I wonder if there were others on the other calls. Now - how do we get that kind of coverage in the Frum communities which this site/service is better suited for?

Maybe GYE can do something similar to a National P**n Sunday? Can GYE get all Rabbonim to devote their Drashos on a particular Shabbos to discussion of internet, Shemiras Einayim, and slip in mention of GYE - Maybe one with a relevant theme like "Lo Sinaf", "Er V'Onan", "Kedoshim Tihiyu."

Guard - how does that sound? Lets do it!
