

You know you're on GYE for a while when...

1. there are no DEAD batteries, only powerless ones
2. you count the steps going to the second floor and there are only 11 steps. You call a contractor...
3. You kid runs in saying he fell, you say "fell shmell"
4. You tell your friend that you called because you 'Just wanted to say hi' and hang up
5. sometimes you feel that now you are 'Just Having Fun'
6. every Gerrer chusid gets surreptitious looks, 'maybe he is the heiliger Guard'...
7. when you meet someone new you tell them "hi and welcome, you should be getting the official welcome package soon..."
8. passing roadkill is a meaningful experience
9. if someone says the Bardichever lived 200 years ago, you say 'nuh uh, he lives in Kentucky and drives a big truck and sells ice cream
10. you are at a bris and you hear the baby is named 'Dov' and you go over to the baal simcha and say that is a beautiful name, he asks "why so?" and you say ummmm, well you see, it's a long story, not for now and change the subject

11. you go in to meet an adam gadol and he asks you how things are going, you say "Baruch HaTatty"

12. you are at the grocery and you stop at the 7up and start grinning

You know you are on GYE for a while when ...

You actually start to break free when you actually get your life back

*carry on folks, if we get to 90 then we can be on the chart*

You go through your kids toys, find all the guns, and dutifully remove all the triggers. (while you  
)

When the following post makes sense to you.....

I think all the jokes about fish and jellybeans should be moved to a thread called tickelfish.

~~...and then ask your wife to take out the garbage with all the triggers in it.~~

When you notice that you have somehow amassed more books related to the shmiras einayim

and 12-steps then you have in your collection of sefarim.

(and, for really advanced cases, you don't know the difference anymore).

you start wondering about this thread

[www.guardyoureyes.org/forum/index.php?topic=4189.0](http://www.guardyoureyes.org/forum/index.php?topic=4189.0)

and thinking that maybe someone posted something really dirty and the moderator couldn't delete it so he just moderated it to the first character his finger hit [which happened to be a comma] and this all led to some wacky comments

When you find yourself telling your auto mechanic, "I don't care if you do a perfect job; I just want a progressive victory over rust."

When you're nervous about going to normal social functions because you're afraid you might bump into someone you know from GYE (or SA).

(Maybe someone already said something like this, but it just happened to me recently).
