

You know you're on GYE for a while when...

1. there are no DEAD batteries, only powerless ones
2. you count the steps going to the second floor and there are only 11 steps. You call a contractor...
3. You kid runs in saying he fell, you say "fell shmell"
4. You tell your friend that you called because you 'Just wanted to say hi' and hang up
5. sometimes you feel that now you are 'Just Having Fun'
6. every Gerrer chusid gets surreptitious looks, 'maybe he is the heiliger Guard'...
7. when you meet someone new you tell them "hi and welcome, you should be getting the official welcome package soon..."
8. passing roadkill is a meaningful experience
9. if someone says the Bardichever lived 200 years ago, you say 'nuh uh, he lives in Kentucky and drives a big truck and sells ice cream
10. you are at a bris and you hear the baby is named 'Dov' and you go over to the baal simcha and say that is a beautiful name, he asks "why so?" and you say ummmm, well you see, it's a long story, not for now and change the subject

11. you go in to meet an adam gadol and he asks you how things are going, you say "Baruch HaTatty"

12. you are at the grocery and you stop at the 7up and start grinning

When you think of this-

"How much wood could a wood-chuck chuck, if a wood-chuck could chuck wood?"

"It doesn't matter as long as he chucks ONE wood at a time!"

Also when you look at all the threads and see "last post made by\_\_\_\_\_, you see your name and think, man.. I talk too much"

But if we keep telling ourselves all the smart lines and still cannot stop doing dispicable, nisht-passige things?! Do we need more of the same or is this **crazy**?

When regular smileys just dont cut it anymore

O0

And thats an approximate length of your hair since you never have time for haircuts. Only GYE.

Oh yaa

In fact you think haircuts are asur because its bittul zman from using GYE. Then you **seriously** need to take a break for a little while.

Also your on GYE for a while if you...

1 You cant read the screen anymore because your eyes and limbs refuse to do your bidding.  
(You really need to chill!!!)

2 Father a child you dont know about because you were too focused on GYE (I would imagine you are here too much in that case)

3 If theres is a nuclear attack and you just "didnt know" becuae you were too busy "Welcoming the Newcomers" (this is practically not so shayich like 1 and 2)

So then how about dispicable and nisht-passige?

Anyways,

you know you're on GYE for a while when you stop being offended so easily and share your recovery progress honestly.

Anyone can share thoughts on what others ought to be doing. And anyone can exercise their sensitivity muscle by reading too much into other people's posts.

A ton of people come here to enlighten the community with the final solution to our common problem. The real issue with that is, these people have nothing to show for their theories as far as tangible sobriety and progressive victory over lust go.

I share my dispicable, nish-passige, crazy behaviour and compulsions with others here. I also share what I am doing to stay sober, and the length of my sobriety (356 days today; another way to know that you're on GYE for a while AND that GYE is working for you).

And of course, I share that I am self-centered, insecure, angry, and a compulsive masturbator and porn-watcher to add.

So I don't think that getting an honest feedback on one's posts is an indication of how long you've been around.

I am just as happy to share my (crazy, insecure, angry) ideas with newbies as with senior members (or even global moderators).

But I think that you know you're a while on GYE when you're able to focus on making progress in recovery and let the perceived insults wash off of you.

Oh, wait, is this Just Having Fun section? Sorry to be the party-pooper (again).

La'aniyas da'ati, in the 9 days one should stay away from "Just Having Fun". (Unless you need it for your recovery, then ask a shailo.)

Thanks for the chizuk JKG,

and thanks for the GYE one.

I think GYE has managed to get many a nut out of its (or his) shell.
