Today is day 90 for me. Hoshem I thank you, hoshem I love you, because I'm a yid. Hoshem, please continue to help me, it should be the last time I counted the number 90 and the numbers should go up and up forever.

This battle does not finish at 90 days, this battle continues forever, so i'm staying here together with all of you fighting this. Some days its much easier and very easy. Butg, some days it's very difficult and i need your help and Chizuk.

I would like to thank Moriny Vrobimy Hokudesh V'Hotuher Reb Guard and all of his staff. Without you, where would i be now ? I also want to thank to all of my firends here that communiante by phone, chat, PM and everyone that posts on the forum. It has been a great help.
