"Esti, was Suri sitting next to you?"

"Ruchi don't even say her name, I'm going to **kill** that girl one day, who gave her the right to be soooooooooo thin and never cheat on her diet? How do you know she was sitting next to me?"

Please kill Suri for me or tell me she is *really* ugly. She is such a trigger for me, all thin and slim even though she is only fiction.

This post is not entirely serious but it is not entirely a joke either. :-\

first of all i never said she's "all thin and slim"

second of all once you quoted me i can't change it anyway

third of all [shhhhhh] she's very pretty ;D

I like - TZ. I think that's what dov means when he says that the struggle with lust is also toxic. When we are preoccupied with fighting it - we lose :-[.

not to mention teenage faces
Official Post:

Yesterday I had my **last** fall.

I was going to post this whole poetry thing here expressing my feelings etc., but b"h today i had an amazing day, regardless of yesterday, and tonight we're having chabura and tomorrow i want to get up early, so i think i'm basically covered until shabbos [and i'm planning to go away for shabbos so that should break the rut], also this time i gathered enough strength before it happened to call someone, so even though it didn't help, it's safe to assume that next time i'll be **readier** to reach out....

btw i changed my signature line.

Hey TZ, don't wait until you are slipping down that slippery slope to reach out. Take some preventative action **before** you start slipping.

I've always seen it quoted here with "gam". I see now that the Posuk in Micha is "Ki Nofalti, Komti". Is there a second posuk also?

If not I'll have to change my slogan.... ??? :-\
