To live with God

To walk in his ways

To love his creation

Heaven and earth

Is heaven on earth

Back to ADD

Reading pg. 2 of twenty

One. One page at a time

Studies sublime

The law of Hashem

Infiltrates my sen

And I drown in the river of knowledge

Wish it wasn't so deep

I am drenched

Yet I'm falling asleep

While my mind is racing

I'm always chasing

Another nineteen pages to go

Life is moving so slow

Yet so fast

The work is cast

And I'm slacking

Losing my backing

Gotta go finish my studies
