Thanks for sharing the good stuff

TZ, if setting up leichters helps, you can set it up on Tuesday too

Can you go into details with anyone at all about the challenges? If the change in you since using GYE was due to your opening up a bit....then maybe relying on that change is sitting on laurels. More of the same thing that got you here may be a better approach - but keeping your safety and anonymity is certainly important, so be careful for sure.

Is it comfy to do that, or do they have thorns? I have always wondered that...

Leichter done.

That's one more Friday morning that I did not masturbate.

I think I'm gonna change my profile picture.
