

Yaakov's Ladder

Posted by Pidaini - 08 Mar 2013 17:33

Starting my log a little late, i'm BH holding by today, which is number 53 of all the todays, but Bein Hazmanim is coming and i need to keep in check, and might not have time for all the chatting that ussually helps me clear my mind (thanks guys!!).

i've been using AlexEliezers advice, that he gave me right when i first posted, of bulletproof Shemiras Einayim, or trying at least, and BH got to Today. but it's all changing now, it's not the same streets that i walk down every day, know exactly where to go so not to look, the dangerous places where i have to be careful etc.

now i'm entering the lions den, going to the airport, the airport itself, a few hours on the plane, etc. it's really scaring me!!

anyone have any ideas?

also been struggling with dreams, i know it shouldn't affect me, but it does, because it makes me realize that my mind isn't clean during the day, which leads to the next question how to keep my mind clean?

Wishing all you a Great Shabbos and it's Parshas Hachodesh so may we all be zoche to renew ourselves!!

Welcome back again Yankel.

Don't disappear on us again, please.

I don't know if I can handle the heartbreak another time.

Thanks y'all!!! It's really heartwarming to get all this!!

I'm not at home, and therefore haven't gotten around to looking at the 613 new replies that I have, not to mention the threads that I haven't even started looking at and the members that I haven't yet met. (Please do introduce yourself if you are active here and we haven't really had any contact)

Had a good day today, can't say there was no lust, but there was no acting out.

Going to KRISSH and get to bed, tomorrow is another today!! (now that's an insight if I ever had)

Hi y'all!!

It's been a slow going over here. Not sure what my occupational plans are for this zman quite yet, and that leaves a lot of room for not such good things. And not such good things are very readily available to me at this point since I haven't yet filtered my new computer.

I don't want to filter it because I want to be able to access porn when the need arises. Also, I won't be able to download movies when it's filtered, and then I'll have so much free time on hands!! Also, the filter isn't the answer, it's the internal filter that I need to install.....**I don't**
!!!

Interesting! That last line is really where it's at, I don't want to need it, and if I do need the filter because I want to look at porn and the filter won't let me, then I really don't want it!

But this is that way Hashem made me, that I need a filter to stop me, and that's fine, isn't it?

Now, which filter to get....

Just stick a small note next to the screen that says "this computer is relying on your own inner filter" , and that would be your filter.

Is it that you need to want to need it? Or do you want to need to want it? Or perhaps you need to need to want it? Or maybe you want to want to want it?
