

Yaakov's Ladder

Posted by Pidaini - 08 Mar 2013 17:33

Starting my log a little late, i'm BH holding by today, which is number 53 of all the todays, but Bein Hazmanim is coming and i need to keep in check, and might not have time for all the chatting that ussually helps me clear my mind (thanks guys!!).

i've been using AlexEliezers advice, that he gave me right when i first posted, of bulletproof Shemiras Einayim, or trying at least, and BH got to Today. but it's all changing now, it's not the same streets that i walk down every day, know exactly where to go so not to look, the dangerous places where i have to be careful etc.

now i'm entering the lions den, going to the airport, the airport itself, a few hours on the plane, etc. it's really scaring me!!

anyone have any ideas?

also been struggling with dreams, i know it shouldn't affect me, but it does, because it makes me realize that my mind isn't clean during the day, which leads to the next question how to keep my mind clean?

Wishing all you a Great Shabbos and it's Parshas Hachodesh so may we all be zoche to renew ourselves!!

I am ly'H, Bli Neder, starting a new count. A count for days free of playing online games. It takes away from my life, or actually, it takes away my life!!! It sounds a little funny, but I think I may be addicted to it.

So it's the same rule,

One moment at a time, meaning, I have plenty of things to do (I even wrote myself a note of things so that when I think "why not, what else should i do?" I should find things easily) I just have to make the right choice to do what is important and lasting.

First Day

Hey y'all!!

It's been a great week, BH. I was looking forward all week to the O.Y.N.C meeting, which ended up being an O.O.Y.N.K meeting.

as for the count, I am BH 3 days clean of online games!!! R' gaurd, can we get a second chart for that?

and since a few guys have told me that they were having this problem as well, I am cordially

Just to write the changes I have already seen, 1) I have much more time to do things with more quality, whatever it is (posting, learning, etc.) 2)I have been spending more time with my wife and daughter 3)even when I am doing other things, I listen to my wife with much more attention than when I was being interrupted (how dare she!!) from the games.

invinting everyone to join me in that count, we can make it an accountability group

I just heard a very deep line (after the levaya of a 46 year old women with 11 children, just so you understand)

"We need to live as long as we are living"

Last night I had another insight into "accepting ourselves".

As there is so much going on here regarding the ultimate relationship between husband and wife, I was feeling extreme pressure, I was literally ready to explode!!

I called my very good friend, and when I started talking to him I realized that what was happening. I really really badly wanted to be there already. I wanted to have the perfect relationship, where there are no secrets, we are open to each other etc. and I wanted to have right then.

I, BH, realized that all these things are goals, but we are quite far from them. As long as I am on the right path, of changing from a self centered human being, to a caring and thoughtful, husband to my wife, and person to everyone else, I am doing ok. And as he told me b'shem Dov, our only responsibility is fixing ourselves, everything else is in the RBSH"O loving hands.
