

Yaakov's Ladder

Posted by Pidaini - 08 Mar 2013 17:33

Starting my log a little late, i'm BH holding by today, which is number 53 of all the todays, but Bein Hazmanim is coming and i need to keep in check, and might not have time for all the chatting that ussually helps me clear my mind (thanks guys!!).

i've been using AlexEliezers advice, that he gave me right when i first posted, of bulletproof Shemiras Einayim, or trying at least, and BH got to Today. but it's all changing now, it's not the same streets that i walk down every day, know exactly where to go so not to look, the dangerous places where i have to be careful etc.

now i'm entering the lions den, going to the airport, the airport itself, a few hours on the plane, etc. it's really scaring me!!

anyone have any ideas?

also been struggling with dreams, i know it shouldn't affect me, but it does, because it makes me realize that my mind isn't clean during the day, which leads to the next question how to keep my mind clean?

Wishing all you a Great Shabbos and it's Parshas Hachodesh so may we all be zoche to renew ourselves!!

One of the thoughts that I told my friend was that I was trying to come up with something profound to say. I was thinking I would write that I'm a different person since coming to GYE, but then it hit me.....

I am not a different person!! I am the same person that I was before, **but I act like a different person!!** I have the same issues with life, I have the same urges, But I react to them in a completely different way than a year ago!! GYE showed me that there can be fulfillment in every step that a person is to take, and that if we miss that opportunity, there is still that next moment that can be fulfilled!

There is no such thing as not being able to utilize the present to the fullest, no matter where a person may be holding!! That is one of the dearest messages that I got from GYE (in this past year).

more to come....(maybe)

And now a L'chaim to my 1111th post!!

L'chaim!!!!

The truth is that that number is a great lesson, it's 1 at a time, 1 and 1 and 1 and 1, slowly it adds up and you're by 1111!!!

If we used binary it would be so much easier.

A Happy belated birthday

Sorry I missed it....I was otherwise occupied doing horrible things. [One day, perhaps, I will write about the several positive/good things that were done at the same time....like the first time in my life, I passed a strip club, and I didn't even go in (and that happened not less than twelve times).]

Regarding same person/different person....I will say over something that you have said to me several times....our acting out, or our desires and urges, are not the real me; the real me doesn't want those things, and can live without it.

OMG! this is post 1110!....just to show...I need to work on that one moment at a time thingy.

WOAH!!!

For any of those bachurim reading this forum, who think that marriage wil solve any part of this problem, I scream to you.....**WAKE UP!!!!!!!!!!**

I have been enveloped in lust for the past 4 days, doing things I don't want to be doing. Not bad things persay, but thinking certain things, doing good things for "pay back", and asking for certain things.

And then last night.....I noticed, in a completely innocent way, that my filter was not working. First thing I did was watch The Avengers again (I watched it on the plane as well) for who knows when the next time I will have this oppotunity will be? In middle I sent an SOS to a friend to let someone else know about the situation. That helped a lot in a few ways, one of them was that I emailed customer service, something I hadn't done yet since.....who knows when I'll have the opportunity again.....

So here I am, still clean BH, BH I can still think straight.....for the next two hours, we'll take it from there....
