

laughingman tries to count to 90.....

Posted by laughingman - 14 Mar 2013 16:01

as of today all my posts are here as far as my own topics are concerned

i have had 2 falls but i am now a week into a new streak

i have had success in breaking some previously unbreakable habits

not m***** habits ...thoses i have dealt with somewhat but even farther

as a result of the rules that i follow through the 90 days and though i have slips about once in 2-3 days every day foward breaks that tooo down so that it becomes less frequentand eventually non-existent

i recently got the s3 and i have had soo far Thank G-d no desire to sttempt to use it for searching ****

i personnaly dont use software barriers for myself (for my kids i do of course)

i can break them too easy ...the only way out is personal honesty

as all of these things are for now personal actions

and it is working ...hopefully it will continue though im sure the real war is coming

I have decided

.....for as long as my attention will hold

that maybe if i try everyday to write alittle i wont feel soo bad

Even though i spend most of my time with my family i constantly feel alone ..

After nearly 10 years i still have trouble understanding family dynamic and standards

sometimes i read back on this thread and i sort of remember the situations that gave rise to the older postsand i realize how much more there was to deal witheveryday i sort of try to think in terms of " nu sure there was alot going on but from today what can i do" even though i feel the weight of responsibility for everything that happens around me ...

Even alot of the things i have worked on for my life might not be possible or relevant i dont give upmust be a stubbornness thing

I have been learning alot more about myself latelyhow i really think under all my selfmy mind many times feels like a tornado of thoughtsand how much pretense went into my lustingi dont know if i hadnt been exposed early on if i would be soo unrealistic as i was for a long timethe p***system really does try to convince you that all there is is your lust and that you and everyone should and can feed it a never ending buffet of what is analogous to a super high fat dietthat like real food will soon make your heart explode if followed uncheckedand the worst part is there are people who are payed to give out this message....and they work relentlessly on itso too i/we must never stop staying away from them and their *****

What can i tell someone who feels negative towards G-d
