The chronicles of inastruggle Posted by inastruggle - 07 Apr 2013 05:50

I'm going to reintroduce myself for the record, and for those of you who haven't heard my story yet.lv'e been m********* for as long i can remember, my earliest memory of it was when i was in first grade i wasn't molested or anything b'h, i discovered it on my own.l obviously had no clue that it was assur (though i do remember thinking that something wasn't so kosher about it), and i didn't connect it to s*x until i was about 13, it just felt good so i did it.ln eighth grade i found out about s*x and connected the two.lt was also around that time when i discovered p***. Eventually i also found out it was assur (through an article on wikipedia, which leaves a bit to be desired in the chinuch area).

I did try stopping but i wasn't too committed since i didn't know if it was really assur or not, since i never heard any rebbe speak about it openly, if i remember correctly my eighth grade rebbe mumbled something about shmiras habris which i don't think anyone understood, and even i wasn't sure if he was talking about what i was doing. Anyway when i got to mesivta the rebbeim did mention it and i knew it was assur but by that time it was already naaseh lo k'heter for long time already.

i knew that i should speak to a rebbe about it but i was too embarrassed. I did speak to one rebbe without telling him what the problem was (i think he guessed it) and he told me to try just to stop it for a short amount of time and then i could try for longer (a.k.a. baby steps) but that didn't really either help too much. Somewhere around twelfth grade i stopped m******** without p*** because it wasn't too hard to do and to be completely honest it was also getting a little boring.

I'm not sure how long ago i heard about gye but i think i read about it in the mishpacha and that motzei shabbos i checked it out, all i saw were some articles i read some and it didn't help at all.

i should add that like most unmarried people (i think) i thought that once i get married it would just go away so i was rationalizing that anyway it isn't a permanent problem and i'm koruv l'oness because i started so young etc. which i think was the reason i wasn't taking it too seriously.

So i continued to watch p*** and m****** pretty much whenever i was home until about three months ago when i was walking to yeshiva and i was listening to a shiur about the dangers of the internet and to do teshuva even if you fell, (i put it up in the kosher isle if anyone is

interested) and something snapped and i realized that I HAVE TO STOP THIS NONSENSE, since the last time i was on gye i had read about it a few more times and saw some advertisements for it so i decided that i'm going to have to go on gye another time and become a member and (i don't remember this for sure but i think the second part was there) if it doesn't work then i'm going to talk to my rebbe about it.

When i went on gye it was completely different than before and i joined up and registered on the 90 day chart right away and did't fall for about two weeks then i did about a month and now i'm 33 days clean which is my longest since joining.

n my next post iy'h i'm going to talk some more about what my situation is, and what i think my oroblem is, and how i'm dealing with it

do not think they're holy holy.		
I think they're doing KOL DAVAR ASSUR but still hiding under burkas in the street. I have a lot of evidence to this, and can give a four hour lecture on the topic, not right now though, it has to do with yishmael coming from avraham-chessed veda"l.

so i was thinking-	
yetzer hoorah: hey he thought something, that'	s a nice change
mussar voice: who asked you? get out of here.	ur not welcome on gye.
go get em mv anyway,	

-that we have to give up all the entertainment that that has shmutz in it. and it's really too bad because it seems like all the entertainment has at least some shmutz in it. (not that i think we should be looking at goyishe entertainment just saying thinking.)

wait a second

if the entertainment is actually entertaining why would they need shmutz? doesn't this mean that in reality it's stupid/boring without something to hold our attention to it? and they know it! that's the reason it's there

you know what, once you realize that then, like any good jew we should make a cheshbon and realize that we're being ripped off (sub-par entertainment for hell is not a good deal i think) and go do it to some govim stop looking at it without feeling like we're missing out.

As for Movies; here's what Fishman has to say.

Sorry TZ, but I found the contents of that link (Fishman...) to be triggering. (If you did not, then either your not as messed up, or you're too messed up.)

"MACHSHOVO TOVA!" Re: The chronicles of inastruggle Posted by tehillimzugger - 09 Apr 2013 20:23 I think I'm too messed up. But that most people on GYE are too messed up like me. At least I'm not the Mechitza Man! ______ Re: The chronicles of inastruggle Posted by Machshovo Tova - 09 Apr 2013 20:28 (perhaps I need to daven for ****?) ______ ==== Re: The chronicles of inastruggle Posted by tehillimzugger - 09 Apr 2013 20:32 k, see, now you're starting to be triggering... Re: The chronicles of inastruggle Posted by Machshovo Tova - 09 Apr 2013 20:40 Hashem is great. He lets us correct our mistakes.

Inastruggle, to actually reply to your plan:
I think it's missing one thing: "Hashem".
How about a little davening to Hashem? We put our faith in filters and kabalos, but our strength ultimately comes from one place: HKBH. He loves us so much that we can't forget about him.
Maybe it's only me, but I think this type of attitude guards against ga'avah, which is a major screams "ME ME ME! My personal desires are more important than anything else!")
Thoughts?

now that i answered that, i'm reminded of the dictum all work and no play makes jack a dull boy

so i have to share a special story that happened to me last night

Warning: Spoiler!

so i'm on gye and my sister walks in the room, so i close it farshteit zich.

"i need the computer i have to print something out"

"no problem"

so she opens up microsoft word, and s'vert mich shvartz faren oigen, theres a little tool called the clipboard and it collects what you cut or copy.... and i had a gye page copied.So i see it and try taking back the computer but that doesn't work because 'i only need it for a minute' and why should it work? it makes no sense.

So i walk out of the room and start davening plz don't let her notice hashem... luckily (or unluckily) before i started making kabbalos, shes done and this is over.

hmmm how could it of been worse? oh i know how about **when the same thing happened and it was a p*** site**, stop wondering, it did happen

yes [insert name that rhymes with stove] i know it would be good for recovery if someone else knew. thank you

btw if none of this is funny it might be because i'm sleep deprived right now and i'll try not to feel stupid tomorrow

good night
