

Nice to be home!!!

Posted by HashemsSoldier - 07 Jul 2013 21:13

hello,

for those who dont know me.....you should get ready for the king of typeoes.....a lot of misspelled words in case i spelled typo wrong.....anyways

about a year ago i was on the old forum see there....i have a couple threads over there.

baruch hashem at the time i was doing quite well compared to where i was coming from but i still had and have a lot of work to continue doing.

some things that i for sure want to emphasise about coming back....the group support is amazing chizzuk!

i have another issue.....theres always those 2 or 3 things that bother you (really there are like hundreds of things that can bother a person at one time) but right now most of them in me boil down to 2 main klalim so these 2 or 3 things actually consist of many things....(this is actually the 4th and 5th step of the 12 steps) and that is for sure something

the key is simcha!

btw i use the yeshiva computer so im not sure about how consistant i can be it looks like fridays will be my longer days to look around at other people threads but other days i only have 5 or 10 min at a time...so i will try to check in as much as possible.....

here i am (no tuna updates)

baruch hashem the past three weeks (today) have been unbelievable good quality in life....lack of lush and much more(if there is anything else)

its much easier to deal with REsentments meaning the feelings that pop up later than to cope with the situation itself as it is happening....

i like having wet dreams.....it means that hashem has kept me clean long enough to have an excess build up my body needs to get rid of.....once in a while i feel good when hashem gives me a actual dream since it means probably i had something in my head during the day that hashem kept me clean from

people have been mentioning wet dreams lately

most have said it in a good way

certainly, keep up the good work you are doing during the day

I, however, am not convinced that wet dreams are a huge positive

not sure though

let the experts decide

b'hatzlachah
