

I'm Trying!

Posted by imtrying25 - 14 Oct 2009 22:44

i cant believe that i stumbled on this site!! This may be the greatest thing ever to happen to me!! Im really new to this site and i am somewhat confused it seems there is so much going on here. Is there someone i can talk (email,chat etc.) to that can give me a basic rundown about this site?? Im what you call a "kollel yungerman" and imm suffering from a porn addiction for so many years. To say ive given up is an understatement!! Every time ive tried something else coame along and...BOOM! im sure you all can understand me. Im hoping that after all these years this might just be my salvation. Ive already signed up to 90 day chart but it seems there is so much more this site has to offer.

Ok so im back. And im really happy about that. Hope you guys are too as well. I know i can get annoying sometimes, but you gotta have some patience for this oldy ya know.

I felt like my lifeline was gone while i left. Im so far from being ready to go on without all the greatness that goes on here at GYE.

Thanks for all those who were so concerned. It shows how much love there is here without us even knowing eachother.

And now just look out. Im gonna start really roaring. JK roaring is for Momo. Wont take that

You remind me of the time in my teens when my parents and our whole family went for a shabbos to my sister's apt on the upper west side, and went Sun shopping in a Zabars (did i get the name right?). At the time we were out of a little gadget at home that we used for cleaning the chickens better than they came. It's a "strawberry huller," but I didn't know that name. I went up to the counter, and asked a "hip dude" in a pony tail if they had something called a "Chicken Feather Plucker." He put on an evil grin, got on the loudspeaker, and said "There's a guy over here whose looking for a ... (you can figure out how he changed it)!"

It was one of my more embarrassing moments, but right now I'm LOL. Thanx for reminding me.

Welcome back IT25!!!

Great to see you again!

be careful about poking lions, though...that can end badly. Although you can still have access to my jet engine if you need to boost the speed n your walker, and it's now equipped with stealth mode.
