I fell once during the week

I finally worked out my schedule so I can do his call regularly

i got down this week for two main reasons

the first is that my rebbi mentioned that we should work on ourselves and learn as much we could while young as we no major problems and responsibilities to worry about such as a wife and kids parnosah ETC that got me down as that unfortunately does not apply to me and I realized that I really in a sense have ruined my teenage years which leads me to number 2

2 which is that I realized I cant remember what it is like before this began when I was just an normal kid I've always had a problem with living in the present usually fixating on what I could have done better and what the future will bring

I don't know if anyone gets Mishpachah magazine but we were mentioned this week

I wish..

I wish I had wifi in Yeshivah so I could post more

i wish I had the courage to tell my mother when she asks me if/why I'm stressed I would say ya mom I actually have an addiction

I wish I wasn't so involved in politics in Yeshivah

i wish I didn't want to fall so much

I wish I didn't have two wet dreams in as many days

i wish I hadn't been given this to start with

I wish I was just normal

I wish I wasn't so pathetic stop wishing and would start doing

I am..

I am going to phone in to cords call once a week live (I can't do more because the number isn't local)

I am going to listen to the recordings for the days I miss

i am going to try and dis-engage myself from politics at Yeshivah (spoke to my reel I a bit about this)

I believe there is a local number.

Unless you're in Fargo, Calcutta or Jackson.

I believe there is a local number.

Unless you're in Fargo, Calcutta or Jackson. The local one listed for Canada and the alternative one that Skep gave me both were listed as long distance on the phones I tried

both the listed one for Canada and the one Skep gave me were listed as long distance
