Awesome!

Today is the only day you need to focus on. Can you stay clean for today? Just today? Yes, you can. Right now, no matter how strong the urge is, you can stay clean - for a day at a time, an hour at a time, 5 minutes at a time.

Rock on!

4 days - that's great! Keep it up, and remember, one day at a time...you can prepare for future tests, but don't focus on them. Right now, the only urges you need to fight are the ones that are here right now. Tomorrow's urges? Not your problem.

I know it helps me if I visualize myself being tempted, and just getting up and walking out of the

room. So when the situation actually occurs, I already have training in walking away.

And thanks for your davening - it helps!

Thank you Hashem for 5 clean days!

I had a strange dream last nite- in my dream i had a massive test and other people failed and i managed not to fall! It felt amazing!

I woke up in the morning with fresh chizuk!

That's great - see? That's where you're holding, that's what you're capable of!

It's funny, I've had a few dreams like that as well...well, it was just me, but basically, I had the chance to do an aveirah, and I walked away! It feels great! ;D

I'm back again after a break from internet access!

During my break i found that although i wasn't using the net. But since i wasn't involved in gye i was very easily tempted to look around whilst on the street etc- which caused me to fall. However the whole reason i got rid of my filtered net was because i found a way round it and fell!

What i've come to realise is that i can't shteig without gye and if you're not shteiging then you're falling!!

So today is a new start!
