I just spent a half hour reading other people's threads. I have to admit I had tears in my eyes. I am sad for all those who suffer and have it extremely difficult. Truth is I was reading the threads because I believed I have it real bad. Believed I am an addict. I have a fear of how I can possibly get thru this. When I sincerely think about it, I can imagine myself making it some long streaks, but don't really see a day when I can be really free. I only see a constant struggle. Now I see what a different member is going thru. The issues they have and how they keep fighting. I feel deeply humbled a bit down. Look at this member who has it so hard yet he keeps getting up and fighting. What am I?? Who am I fooling.

You're not fooling anyone, it's just a new and correct perspective which are obtained from experience and seeing others succeed and the handbook attitudes too

What is considered a fall?

For the 90 day chart.. here are the rules <https://guardyoureyes.com/90-days-chart/rules>

For yourself..???? ???? ??? ??????

don't really see a day when I can be really free

???? ??? ?????? ?????!

(see the "wall of honor" for some.. <https://guardyoureyes.com/90-days-chart/wall-of-honour>)

Right now you're deep in the dark and you don't see the light at the end of the tunnel, but it's not so far away.

Start using the tools on this site and '???? ?' your perspective will change soon.

Hatzlocha!

Thanks guys. I remember seeing something about a filter gabai who holds the code for your filter. Can't seem to find it. Any info? A link? Thanks

Try this, though it's from a really old page.

filter.gye@gmail.com

i don't know if it still works. if you don't get a reply, try

Fell hard. I was really hoping to get to shavuas clean. Gotta get a good filter on this accursed phone.

Can you explain what issues you're having with the phone that requires filtering?

I do not have any filtering (yet) on my iPhone or PC, yet I'm protected with simple white list. I personally would not rely on filtering alone
Brother - falling is hell..

btw when I say "relying" it doesn't mean I'm trusting the fence to protect me ever. Rather a GYE fence is a short fence which acts as a reminder of sorts, but cannot be relied upon to give us true sobriety

Think about it, and forget about shevuos. Gd wants me clean today. Tommorow doesn't exist. You do, and GYE helps us live today to the Max.

And hey, don't forget to join cordnoys call 120pm, and if you know how to whistle you get RSVP
