

Introducing myself

I have had difficulties looking at shmutz with ups and downs. I have had a 6 months clean, but then I would fall again with a few months looking at shmutz, weekly more or less. As I take the 90 days, I hope I will be clean much longer with the chizuk from this site. Thank you so much!

Welcome

please click the spoiler button below for some goodies

Why do you write shmutz with z's end?

It defiles my name

Markz

The better question is why he spells "months" with a "u"!

Anyway, welcome!

Join the 90-day chart. Maybe you can help me get to 90 with you!

I can't remember the last time I made it more than 2 months.

Stop hacking him on his spelling!
