encouraging and thoughtful that i know i can do this for good !

my mashgiach????????????

This conversation is being drawn out way too long. My point is exactly that. You probably wouldn't ask your mashgiach that question. But yet, you ask a bunch of crazed lust addicts, some, like me, that will certainly answer that if the baby is crying during sex, the baby comes second. If your wife is assur, baby comes first. If she is muttar but not in the mood, she gets the baby.

I think that we had a miscommunication here I did not say the problem was the baby crying while we were together rather just simply not allowing us to sleep period And you are absolutely correct I would not be asking a bunch of crazed lust addicts what to do in the situation that you thought i was saying (your' words and i guess you really are still an addict if you thought a week

Il think you are takin' this way too hard I bumped your thread to get activity on it you never said that this issue was causing you to fall although all issues in life can lead to falls especially if we don't fix ourselves I was simply pointin' out that sex addicts don't have answers like dear Abbey we can tell you what worked for us in lust issues maybe some can give baby caring advice as well perhaps we should go back to the mixed groups and pose those questions there I wasn't sayin' anything derogatory and we were simply havin' fun if I overextended the conversation or my thoughts please accept my apologies and if you're not happy with the lack of punctuation please accept that apology as well humour is important in this struggle B'hatzlachah
