encouraging and thoughtful that i know i can do this for good !

You are right

I am a shy and sensitive piece of rotting dying putrid flesh that will soon be nothing but dirt eaten by worms and smelling worse than a week old piece if meat

i saw this vort from r' tzvi meir zilberberg

that the aron is kneged a yisroel on the outer layer is gold (ego driven impressing)

inside is wood that can be rotten and full of worms but in there is another gold box and that is the real essence of the person

so go in deeper don't focus on the fall and definitely you can work on burying your ego/shame

but there will still be shining gold on the inside so no need to worry now about the rotting wood/flesh

just get deeper in touch with yourself

Mayan be proud of yourself for caring. The fact that falling bothers you so much is actually a sign that you are on the right path.

Stay strong and KIT.

And very important..

oh well I guess you're gonna lose your status as a piggy. OINK won't be the same without you (whenever they get their act together).

You have my umber don't forget to add 011972. If I don't pick up leave a message this is an ex-OINK and I'll know who it is.

Welcome back!

I gather from your post that you haven't settled down yet.

Give yourself the time and space. It can be a long process. Try to not have expectations so that you shouldn't have resentments.

Take care, we are waiting for you to bounce back properly.

I know we have been going around in circles about this. I tried that once on a roundabout and my kid said "Ok enough, can you please take the 2nd exit...."
