Mayin, your a man after my own heart!

Just dump everything out, don't keep it bottled in, can you imagine if you would tell this to God??

Hope you get out of you sweet self-pity mood very soon, so you can start focusing on all the good that you do have! I don't know you personally and Maybe your life does suck but I imagine you have some good stuff to focus on especially if focusing on sniffing and not having money will be a nice reason to act out!!

Dear G-D

I know you know all that is happening to me

I know you do only the best for me

But please just listen to a child in pain

Maybe there is what to gain

I had a father

He kept harmony between sister and mother

When our father was around

everything was sound

Then you called him to you

and without further ado

He suddenly was no longer with us

?Having fulfilled his job with us

But the shock and pain stayed

did not go away and hence did not aid

?the turmoil and anger

underfoot came out and now there is much danger

A mother and daughter

that can't be at peace with another

No longer with a father to talk to

No longer with a husband to turn to

The others look on sadly

and miss the harmony badly

Taking sides is not a choice

but how to still their angry voice

Tensions rise everyday

and let's forget the holiday

Gratitude what is that

if my pain is not a fact

Oh how I wish this were all

the problems big and small
then there would be silence
and at home maybe even peace

But no that is not to be
?mediators we were meant to be
And hearing all the gripes
has kept us up many nights

Walking on eggshells is not possible
but to break them will be probable
so add to the stress
who cares if we are in distress

Bank accounts with monet what's that
Thank g-d someone else pays the flat
Bills too are a treat
but what will there be to eat

Thank g-d we are not in debt
but our pillows are still wet
sweat and tears we shed
for our kids to be happy and fed

But lack of sleep is not good

if we want to be in the mood

this is our lot we say

so we are here to stay

We know others have much worse

but that doesn't make it easy of course

So now that I've said a little

why I am so brittle

May it be understood

that this is a cry to the g-d that's good

should continue with the way that is planned

but can we see your helping hand?

My learning and prayer is not up to par

it would be easier to wish upon a shooting star

or break a wishbone

just not my backbone

We feel locked up in a cage

with no room to rage

choking,gasping,holding our breath

hoping soon to get some breadth

So I hold out my hand to you
Yes you are always holding it it's true
but can I ask to see the hand of a father
holding me up, I hope it's not a bother

Can I cry on your shoulder
maybe it can lift the boulder
weighing me down
I think I might drown

Thank you for hearing me out
I hope it did not sound like a shout
I know you only do the best for me
One day I hope to understand and see

May Hashem have rachmonus on you,
And through this challenge pull you through,
Settle the voices of anger, and lonely solitude,
Replace them with love and gratitude.

May enough sustenance arrive,
Your learning and davening thrive,
May you feel His hand on your shoulder,
Removing that heavy boulder.

Your poem was so clear,
Makes one shed a tear,
We pray for you to be free,
Signed, your family at GYE.
