

I will make it b'e"h

Just started my 90 days journey (hopefully indefinitely) a little nervous as for years i have had very long stretches with feeling nothing and then WHAM massive fall which would then spiral out of control until someone found out. But now i have gye and everyone here who are so

The last two poems were very moving. Kinda puts the awesomeness of GYE in a nutshell. encouraging and thoughtful that i know i can do this for good. I
Thank you Mayan, thank you HIM. Thank you for writing from your heart. Mayan, hang in there and keep putting one foot in front of the other. I can see your pain, but I definitely can't feel it, not anywhere close to what you do. But your beautiful poem wasn't just words, it's was a prayer. Our Father upstairs, he feels what you feel, he knows exactly how you feel. Keep reaching out to Him. He loves you and cares about you more than all of us here at GYE, which is a big statement. I'm crying for your pain now, but please believe, this to shall pass. The day will come where you'll look back, you'll see the pain, but perhaps you'll see the reason too. And even if not, just remember Hashem loves you.

Thank you all

I am sorry if I made anyone nervous or brought out emotions that were not ready to be dealt with.

I am still feeling down but there is a light at the end of this tunnel. Might need to right another poem/prayer.

Thank you everyone for the responses both here and private they mean a lot even if I do not respond.

Dear G-D

I know you know all that is happening to me

I know you do only the best for me

But please just listen to a child in pain

Maybe there is what to gain

I had a father

He kept harmony between sister and mother

When our father was around

everything was sound

Then you called him to you

and without further ado

He suddenly was no longer with us

?Having fulfilled his job with us

But the shock and pain stayed
did not go away and hence did not aid
?the turmoil and anger
underfoot came out and now there is much danger

A mother and daughter
that can't be at peace with another
No longer with a father to talk to
No longer with a husband to turn to

The others look on sadly
and miss the harmony badly
Taking sides is not a choice
but how to still their angry voice

Tensions rise everyday
and let's forget the holiday
Gratitude what is that
if my pain is not a fact

Oh how I wish this were all
the problems big and small
then there would be silence

and at home maybe even peace

But no that is not to be

?mediators we were meant to be

And hearing all the gripes

has kept us up many nights

Walking on eggshells is not possible

but to break them will be probable

so add to the stress

who cares if we are in distress

Bank accounts with monet what's that

Thank g-d someone else pays the flat

Bills too are a treat

but what will there be to eat

Thank g-d we are not in debt

but our pillows are still wet

sweat and tears we shed

for our kids to be happy and fed

But lack of sleep is not good

if we want to be in the mood

this is our lot we say

so we are here to stay

We know others have much worse

but that doesn't make it easy of course

So now that I've said a little

why I am so brittle

May it be understood

that this is a cry to the g-d that's good

should continue with the way that is planned

but can we see your helping hand?

My learning and prayer is not up to par

it would be easier to wish upon a shooting star

or break a wishbone

just not my backbone

We feel locked up in a cage

with no room to rage

choking, gasping, holding our breath

hoping soon to get some breadth

So I hold out my hand to you

Yes you are always holding it it's true
but can I ask to see the hand of a father
holding me up, I hope it's not a bother

Can I cry on your shoulder
maybe it can lift the boulder
weighing me down
I think I might drown

Thank you for hearing me out
I hope it did not sound like a shout
I know you only do the best for me
One day I hope to understand and see

would you compose for me a poem? I need it for my 12 step partner

A wellspring of inspiration. We are all very happy for you Mayan.

I just want to ask, I have noticed on this thread that you get stressed out some, have you considered perhaps seeing a therapist that can perhaps identify something within you and perhaps helping you through it?

How do the posts accomplish that (make you seem very stressed)?

Congrats to you on **your** balance in posts.

balance = 777

Don't let the Rebbe Reb Bards see this, but it's time for some brandy...
