Man I am feeling down and uncomfortable here

Why because recently there has been an uproar on the forum that to me seems a little out of hand. Maybe I am wrong and not thinking straight.....

This is a recurring thing in my life that I have a different view from others and it is not like the others are stupid kids but rather mature older people
GS: You're now a piggie in more than one group

Mayan,

What you said made a lot of sense and everyone is entitled to their opinion; you took a very honorable and respectable position. Nothing to feel sad about but rather proud.

You're doing great!

Thank you

Let just clarify what I meant:

While I do not have any regrets with the stands that I take in life (and if I do then I change them)

Still it bothers me that I tend to think differently than those that I associate with and it gets annoying sometimes to always have a difference in opinion.

But let's not dwell on it anymore onward trucking

HONK HONK

I had a fall an I feel bad

But no support was to be had

I gave a small cry

My best I did try

But no support was there

Where can I go now, where?

Yes I should have called/emailed someone but my situation does not allow for it and please let us just leave it at that

I know I make it hard to be helped sorry
