Okay here is the deal

I will be"h be going to family for Sukkos and that means going to a place that I always have had a fall. It is not possible to take away the cause please just leave it at that.

So the plan is to get as many phone numbers from the chevrah here so that I can call them as needed. Please email me your number if you can be of help to me in this matter I would greatly appreciate it.

I do not have a # as of now but will bl"n send it to all those that would like to join me in this matter when I do get one.

Thank you all for your continued support

Just got an ichy feeling now

Another Elul another R"H and Y"K coming up and I still am ashamed of myself, still
masturbating still looking at porn still calling in to chat lines

Yes I do realize that I have improved but I think that I could have done better and that is
bothering me

? I need to work hard on the perfectionism.....

I have a feeling you work on it too much and that can exacerbate things

I decided recently to cut that out, and I may get somewhere better in life and you too ;-)
