encouraging and thoughtful that i know i can do this for good !

Hi all

) to have a clean weekend with the wife sick and everyone very tired

Brother you gotta extend the family - get a gye chaver in your local - and start Trucking - otherwise it sounds like you're shouting again and again about certain things (that we all have to deal with) until you're horse

***For some people, calling a chaver when the going's tough, is enough***

***For many of us, living is the way to go, not staying by the trough***

Yeah yeah yeah yeah I already said that I will be moving soon and I do not have the stamina to call 3-4 new people right now but I have called someone twice so far and have others to try if needed.

?Unfortunately those in my local may not be the best thing for me to call them....

(please stop the animal references)

one day

I'll find a way

to stay clean

which will mean

I will need

to pay heed

to the one

that knows how to run

this life

though it seems full of strife

so hard and painful  
and I always get an earful  
from those that are close  
it makes me want to close  
my eyes and ears  
and give way to tears  
let it all out  
and shout  
what is on my mind  
how can they be so blind  
only see what they want  
it is such a taunt  
I hate it all  
I just want to fall  
hit the ground hard  
act like a retard  
what will I gain  
probably just a lot of pain  
but right now  
I couldn't give a cow  
much less care  
except I just wouldn't dare  
hurt the one who  
I know wants to do

that which can help

but I feel I am a schlep

lost all hope

slipping down a slippery slope

into muck and mire

I just want to expire

but what about her

and Hashem the ultimate giver

Not doing well been slipping very badly but no falls yet.

I need to get a grip on myself/life but the temptation is so strong to just give in and "relax" a little....

Hashem please help me I cannot do this alone I only want to do your will please help me....

Maybe call someone for as you said "I cannot do this alone" then whatever that person says do. If you don't feel like it daven for the will to do it.

it works for me

what will you do if lust does rear it's u\*\*\* h\*\*\*?

sorry but he is always always demanding action of me and I don't want to be the only one  
required to do something

He also demands action from me

You really want to know what I will do bl'n

1)stress out

2)help around the house

3)do something to make me sweat

4)walk out of the place that I am

5)and in the worst case scenario call him

**Warning: Spoiler!**

by the way only "hope" is a 4 letter word (at least from the ones used here
