

My Story, the second first day

Hi, friends.

The first time I started my 90 days journey I thought i will succeed.

My problem to stay clean is the triggers that i can see everyday.

everyday i'm going by rail to my work, 7 years already. there are a lot of triggers i can do efforts to get my head down, but its not simple at all, to do that for two hours everyday for years.

the second trigger is in my work, i sit near two weman that come to work with very provocative clothes.

I don't know how to struggle with this daily triggers.

moreover , I connet to Internet "Rimon", and this is the worst filter i have ever seen before. but i disappointed.

their filter crashed when i start to challenge it. it miss a lot of inappropriate web pages, i spoke with them about that, but they didn't fixed their breaches, just a little.

i submit a request to rav Sherlo to do something with that, since it could be that a lot of males fall when thay surf through internet "Rimon".

I havn't got an answer yet.

today i started my first day clean, I wish with your help to succeed.

Thank you, friends.

OK, OL, THIS IS IT!!

Today's the day you were waiting for so long ago... Duvid Chaim's 12 Step program Telephone conference call BEGINS TODAY at 12 noon EST (if you're in Israel, that's 7pm.).

Even if you think you can't commit to being the every day, please come to the first call. It's the best investment you could possibly make. And if the hour gets difficult, DC has other tricks up his sleeve. But please please please join in at the beginning, at least so i can "see" you there.

ho, IT25, have you thought to work as a joker?? :D :D :D

it caused because two reasons:

1. i worked very hard today with my head for 5 hours +-, than i finished and felt free, felt need to "enjoy" something...

2. my filter doesn't block a site although i have defined to it to block. this is the most popular news site in israel, and sometimes there is garbage.

i was exposed to some garbage today for some seconds (its absolutely not p\*\*n, but could be now, to be serious, i tell you that i had a little slip today.  
the begining of the collapse)

i thought of you, my best guys and about my 72 clean days and closed this window immediately. :-\* :-\*

my last silp, two weeks ago, gave me big ALIYA RUCHANIS, after that day evening payer in a big KAVANA,

i bli neder gonna pray tonight again in a big KAVANA for more ALIYA...

Hey Boys!

How y'all been?? Wishing you all a Purim that is soooo heilig that your neshama gets blasted 12 mil back, and the malachim should need to reconnect your body and soul!!!!

I've been so busy that I've been out of it for a while... but my love for my GYE people has not diminished, and my hakaras hatov grows each day. I just hit day 71!!!! I have not had such a long clean streak in probably 5 years!!!

Thanks Thanks Thanks!!!

Have a L'Chaim for me on Purim, and I'll do the same for you!! For each one of you!! Yes, that's right for each and every one of you, and two for Reb Gaurd!!!

OL, Hope you're OK. I don't like to see empty threads. Makes me worry that my friends have gone AWOL. Hang in there. We're gonna party in less than 2 weeks when we all hit the big 90 together!!

please post, let me know you are OK...

BTW, lets plan for you, me and Haba to celebrate when we all have hit the big 90 days - Haba has two weeks left, just 3 days after you & me. i'm suggesting a conference call between the 3 of us, at a time that works, with a glass each that we can l'chaim eachother with! And we should each come prepared with a vort to share, to give us even more chizuk in the days ahead.

AND, once we set it up between us, we can give personal invitations via PMs to any of our GYE friends that we want to have with us. Especially dudes who have helped spur us on and gave us the strength we needed to get here. (I won't name anyone here lest someone be insulted)

This is gonna be great....
