Posting helps

You say you're struggling toooooo much

Thats only late night or daytime too?

PPosting helps big time, it saved me....

no problems at all daytime, only at night, too much time to think....

Me too

I try to be productive at night and when it gets late (past my bedtime) I turn on records of Dov calls - they're fun and inspirational and highly insightful and a little more

guardyoureyes.com/kosher-isle/shiurim/category/dov-s-recovery-talks/2

Thank you for your advice, it wont work, its not me being in bed with headphones.... i try to read, it helps most of the time, but for that few instances... mmmm its tough... posting worked so far best, because it needs some thinking what to write aboit, so it distract..

thank you anyway, you are my life saver..

Day #68

Today is day #68, BH im doing great, some obstacles here and there, but working in myself to overcome it, using many tools, but definitely not by muself, because im realy powerless, i have no doubts about it.

just a question, did ????? ????? had our nisayon too, or he had only his 10, from this week parsha we see that he said: ??? ?? ????? ?? ??? ??? ????? ?? so it looks like he never had a nisayon to look at her, or maybe thats the Chidish here, that he had this nisayon till here, but now he didnt had another choice and he had to look at her, so why isnt it counted as another nisayon, why is ther only 10 nisyonis there?

Or is this nisayon a realy tiny one so its not worthed to be counted as a nisayon? Mmmmm i dont think so, its so huge, so hashem killed everything at the Mabel, so it is a huge nisayon,

any one with an answer???

Day #69

today is another day, another day of success, i will make it as a clean one, with help from Hashem, will definitely get there, so many of us tried in the past to get sober, and they did, and i will do it too, yes i can, and i want and i will, its tough, but that's life, everything is tough, ???
???? ???? we just need to have the will power, and basically its in our mind, we have to set our mind at a positive way, that we can do everything, then we will have success, if we will think negative, then everything will go negative. so let start thinking that yes, its possible to overcome this lust struggle, even after a fall we have to think that we can do it another time, its a mind set, we can manage our thoughts, and we have to be on top of it, and we will do it, and we will stay sober the rest of our lifes.. lets be happy, positive...

Thank you all!!! Im still clean all because of you, your support, your posts, your messages and what not.. keep it up.

Let's Stay Strong! Let's Stay Clean! And let's be positive and happy, Yes! We can and we will do it! And Together

Day #70 – 10 weeks clean

Today ill mark the 70th day of One Day at A Time, unbelievable, 70 days, which multiplies to many many more times of throwing off my back this monstrous YH.... Yes, he is a monster, and yes its not an easy one, and yes I can do it, and yes, you all can do it..... just buckle up and start riding this ride, just hop up and let go..... Time is flying by, the later you hop up the more you are missing out, joy of acting out is a few minutes and the cry afterwards is a long and painful, pain of not acting on a lust urge is a few minutes, but the joy is a life time, on this world and definitely at the coming and continuous world. So who is in, ill take along everyone, just come..... im talking from experience.... No regret.

Remember: **a day at a time**, why mess up the day when most of the day is almost over, **stay positive**, think and talk positive then everything will go your way, only with Simcha.

Thank you all!!! Im still clean all because of you, your support, your posts, your messages and what not.. keep it up.

Let's Stay Strong! Let's Stay Clean! And let's be positive and happy, Yes! We can and we will do it! And Together

What you did, and it was for a sustained amount of time, is incredible. It is something the typical guy in the street would not believe possible. One can only imagine Hashem calling together the malochim and saying, "Chazu Chazu Bonei Chavivei"! (or in this case b'nee chavveevee)

Day #72

Today is #72, and im doing B"H well, im just getting better and better by the day, even ill always have a YH, but that's my mission here, and i know it, and i know that with out the help from other i will never survive, and that's exactly what i'm doing, and that's what keeps me alive,

Every day at Shmoine Esra 3 times a day, by Moidim, i thank hashem for directing me to GYE, my life has been completely changed, my relationship with my wife, with my children, i have the worlds time for them, studying and playing together, helping out at home, and what not, i have time to learn, my head is fully there and not on the street, its just a pity on the others who are suffering and have no clue about this wonderful community.

i sew this line today: **Start by doing what's necessary; then do what's possible; and suddenly you are doing the impossible..** and thats exactly what i did, i start what it was necessary, stoped all this garbage, installed filters, hooked up with great people, then i did whats possible, and now its happening what i thought thats impossible....

Remember: **a day at a time**, why mess up the day when most of the day is almost over, **stay positive**, think and talk positive then everything will go your way, only with Simcha.

Day #73

Today its my 73rd clean day.... i wish to continue that route the rest of my life, but im not fooling my self, that this struggle is not in my control, not in my hands, and this is my mission in life, to be very vigilant for upcoming obstacles, and to make sure not to fall, by reaching out for help,

via Tefilah and via fellow GYers, only that works, support and help from others. and by knowing that, 50% of the problem is solved.

Remember: **a day at a time**, why mess up the day when most of the day is almost over, **stay positive**, think and talk positive then everything will go your way, only with Simcha.

Day #77

Today ill mark it as Day #77, slowly slowly im getting there, getting there? where? am i heading somewhere? isn't it One day at a time? oh, yes, thats right, what i mean is 77 times separate days, and yes, look at it that way, 77 times single days, every day knowing that today is my day, like the Seprim saying, ?????? ??? ?? ??????, that all of his days were full days, he also had Nisyonois, and ye also worked one day at a time..... ?????? ?????? ??????.....

?in a different note, i had a huge fall today, in terms of my diet..... i cheated today the first time since last year February, and im sad, and guess what, i cheated on a stupid Tuna Sandwich..... am i crazy or what? so! ill handle it as if i had a fall in our area..... and should that be the fall if i needed to fall....

Hay Brother!!!! Remember: **One day at a time**, why mess up the day when most of the day is almost over, **stay positive**, think and talk positive then everything will go your way, only with Simcha.
