Hey guys. On my taphsic fence one of my terms of small knas was to post on this chat if I want to act out. Bh I fulfilled the terms Ti qualify for my small knas, and I'm going to act out now, w/o porn. I'm going to have to give 5 bucks to gye though.

(Blind Beggar) I have the number and email of a former member in China who is sober now and in recovery...want me to ask him if he is OK contacting you? He is plotzing for a far east recovery buddy, I guess. Though I do not know what time zone he is in.

How was the SA meeting? Was it in Japanese? How do you say sober in Japanese? Konichiwa? Chalhat-sumnida? Nei-iromun Blind Beggar im-nida? Oh, never mind...
