

Still Raging Against The Machine

so thats pretty much the deal...i showed up here one day by accident and saw something weird...here were all these jews that where putting up a genuine resistance to the evil empire that is lust...in all my wanderings ive seen some crazy crap but something like this? not at all...i saw two dozen frum blogs but alas, they too were contaminated by the lust assault..poor figures...nothing more than drones following the creed that larry flynt recieved himself on Mount Sinai...disguised as frum sites but nothing of the sort, really....did i find any voices that said, "look, this sh\*\* aint right..."...probably but a quick peruse through and i discovered that they were either out of touch with reality or just plain silly...and then i bumped into this site...and here was real and GENUINE and honest solutions....so i came...i looked around...marveled at all the flakes that took up residency here....

well, im now on at least 20 days of no pr0n and no bating...which is a miracle...its been years and years before i came here that i wasnt able to pull 5 days together and many many months where i stopped even trying....i dont know what happened but the group support and the genuineness of the good folks here and hearing their experiences and lo and behold i am a changed man...

the changes were not only in me but perhaps even greater in the people around me...no longer driven by lust i saw people (WIFE) in a new light and the changes in the way we relate to each other was quick and vast....this is perhaps what i owe GYE the most for....

i dont take myself too seriously and i hope you dont either....

what makes us great...

what is it that i and silentbattle and tomim and trying and momo have in common?...what makes silentbattle and tomim and trying and momo so important to me?...why do i love them?...

we are so very different in so many ways...what makes gyers great is not that we all share common backgrounds, common hashkafa, common sense of humors, common taste in food or music or common likes or dislikes....in fact that is what distinguishes us from all the other forums on this Great and Holy internet...we're not here because we all like the pittsburgh steelers, are all members of the church of latter day saints, we all want to learn chinese, like funny pictures of cats or interested in finding bass notes for punk rock covers...

what makes gye great is that we are all so different AND we are battling together...what gives me strength is that i stand on the front lines and look at the people standing next to me see them from all walks of life...all of you that decided: enough is enough...we will not surrendered to this disease....and because we are so different we can present so many new ideas to each other that - having spent so much time around people that think like we do, we never saw before...so thank you all for being different...please do not change anything about you...dont think like i think, dont hate who i hate and dont love who i love...just be you...and thank you for joining me in this revolution...we will overcome!...

viva le revolucion

Oh, come *on*! now *Rage* is making me tear up?! This is SO not me!

Rage, that was beautiful. I'm proud to stand next to you.
