

Still Raging Against The Machine

Posted by Cry2Tatty - 30 Nov 2009 01:17

so thats pretty much the deal...i showed up here one day by accident and saw something weird...here were all these jews that where putting up a genuine resistance to the evil empire that is lust...in all my wanderings ive seen some crazy crap but something like this? not at all...i saw two dozen frum blogs but alas, they too were contaminated by the lust assault..poor figures...nothing more than drones following the creed that larry flynt recieved himself on Mount Sinai...disguised as frum sites but nothing of the sort, really....did i find any voices that said, "look, this sh** aint right..."...probably but a quick peruse through and i discovered that they were either out of touch with reality or just plain silly...and then i bumped into this site...and here was real and GENUINE and honest solutions....so i came...i looked around...marveled at all the flakes that took up residency here....

well, im now on at least 20 days of no pr0n and no bating...which is a miracle...its been years and years before i came here that i wasnt able to pull 5 days together and many many months where i stopped even trying....i dont know what happened but the group support and the genuineness of the good folks here and hearing their experiences and lo and behold i am a changed man...

the changes were not only in me but perhaps even greater in the people around me...no longer driven by lust i saw people (WIFE) in a new light and the changes in the way we relate to each other was quick and vast....this is perhaps what i owe GYE the most for....

i dont take myself too seriously and i hope you dont either....

I suspect that after you'd have a chance to catch your breath, you'd start inviting people out there, so that they could benefit from that, too.

I may not know you very well (yet), but I think that you know as well as I do that "not hurting anyone" is selling yourself WAY short. Just from the things you've said here, you've encouraged and inspired people. And your journey has just begun.

After a little while, you'd probably have a little community built around your ranch. Hmmmm...I

wonder what kind of interesting laws you'd enforce as mayor in your little out-of-the-way town?

follow the lions... toe the line...

indefinitely sounds nice...i can learn to moonshine and grow peyote...wont wear a tie ever again...

Well, they tell me the peyote is almost as hard to grow as morels, but the hootch might not be a bad idea. If you ever go tieless and shoeless for a while, can you send for me...it'd be nice to at least observe how it's done right, brother. OK?

You guys really should try some Metal.

I'm listening to Judas Priest right now.

No dreariness here; just raw energy straight to your tympanic membrane (that's the eardrum, folks).

Makes you wanna kick butt and take names. About 90 of 'em, to be exact. And they all have the same last name: *day*.
