

How do I not run out of steam?

Posted by returningtohim - 13 Jul 2017 03:02

So last week I created an account and I joined the 90 day challenge. However I'm worried that it's inevitable that I will tun out of steam. Any suggestions?

Welcome brother

Well... my suggestion is... get off the steam engine train and take out a mortgage on a new 18 Wheeler ;-)

If you're in a race or going for a streak, then you might run out of steam. If you take it one day at a time, you might not.

I'd try let go of all that steam, so I wouldn't have to run out of it.
