I didnt post for a while. Since 15 Elul 5777 I changed greatly in this area. I fell once in a while but almost every time I picked myself back up and didn't give up. From the end of tishrai 5778 till kislev I had a 50 day streak. Then 2 30 day streaks, then a 97 day streak, then a few 30 - 50 day streaks. I will bli neder write on the forum more often which will hopefully keep me clean. I'm now clean for a week - yes I fell on shabbos shuva!!!! :-(

That's pretty standard, unfortunately.
