

Finally going for 90 days

Posted by MottehPoisansky - 18 Jul 2018 20:38

Hi guys. This is my first post here. I finally joined and want to aim for 90 days. I need to re-wire my brain that I don't need PMO whenever I have to deal with the slightest discomfort of life.

Hope that makes sense.

Thanks

dont worry about fireworks the main thing is that you are making big changes

you should also keep focus of the goal - you didnt write about fireworks just some sparks from rewiring.

keep up the great work!

Thanks for all the good wishes. I was asking about the confetti half cynically since the 90-day chart puts you on a next level after 50. But really nothing changes

Just when I think I'm invincible, that I would never come to do this, I had a fall.

Hashem Help going forward...

Just when I think I'm **invincible**, that I would never come to do this, I had a fall.

When I think I'm **invisible** I'm closer to slipping and falling (And Dov claims that the forum alone can keep many in hiding...)

Time for Poisansky to lock arms with another brother here, cos we are **indivisible**
