

More tools = Less chances to slip

Posted by eli5127 - 16 May 2019 18:30

---

Hello everyone, I'm honored to be part of a community whose purpose is discipline growth and closeness to Hashem.

I recently came back from yeshiva (I was clean 400+ days while there) and slipped, I fell down the rabbit hole like no other time. I got filters for my devices but I still occasionally slip. My bets are that with the strength of this group, I will succeed.
