was clean for 24 days, I never in my mind would've thought I would've been able to do it, I though I was going to be clean for a week at most and here we are at 3 weeks (24 days), unfortunately I fell but I'm looking forward to seeing what I can do next

Day 17: Clean. Definitely didn't get to do my schedule as planned but had a much easier time throughout the day. I'll definitely give the suggestions a go

Day 19: Clean. Beautiful Shabbos spent some time trying to crack a Gemara and finally managed to do it for the first time in a long time, pretty proud of myself over here. Definitely helps keep the thoughts out.

Looking back at your forum, I love that you post each day, I give myself pressure to make a long paragraph... But sometimes I got to chill a bit.

Side note: Been having my thoughts going back to thinking about women much more often

(Versus the SSA thoughts when I began), the lust isn't as strong now as when I began, however I do realize this is a blessing as well as a curse, should I say "ok, I'm back to normal so why not indulge" my thoughts will go straight back as I'm in a sensitive middle road right now, if I continue fighting on the other hand, I'll be able to return to the normalcy I wished for in the first place.

Theres a lot to be worked on and I'm far from letting myself off the hook yet.
