

Giving it another shot

Posted by othershot - 01 Jan 2021 06:18

Hi! I have been coming to gye for about a year and a half but this is my 1st post on the forums.

Last year I had a clean streak of 183 days but then I fell and since then I have been up and down with smaller clean streaks and less acting out in between.

Recently though I have been falling too often so I decided even though it's difficult for me I will start a thread to hold myself more accountable.

I'm feeling very strong urges this morning and I'm scared a fall is right around the corner.

I'm going to push it off as much as possible.

Don't panic. Urges are temporary and are not real. Laugh it off and get busy with something productive.

I sent you a private message with my phone number so you can get it out in the open.

Good news & bad news

Bad news: I fell

Good news: I pushed it off

I tried distracting myself

& I haven't looked at anything since then using the excuse well I already fell might as well look at more.
