

OivedElokim-I'll never give up

Posted by OivedElokim - 21 Feb 2021 21:37

Day one.

This is my brand new thread for my brand new journey towards purity.

I will keep with me the lessons learned so far and keep my eye on the ball.

Today is the first day of the rest of my life.

A porn and masturbation free life.

A life of positivity and happiness.

A life of Torah and Avodah.

The life G-d intends for me to live.

Wish me luck.

Welcome back. I don't know you well but I read a little bit of your thread. It is beautiful that you took the courage to return and post.

If you are interested in writing which things you find doable and which you don't perhaps we can give you advice that is relevant and doable.

Either way, take my brotherly love. I care about you as a person and wish you success on your journey. All the best.

Welcome back!!

The details of where you are holding is not what counts as much as the fact that you are working to better yourself. May you find a balance where you can be comfortable with yourself and be a true Oived Elokim.

P.S. to quote something you posted last year:

?????? ???? ???? ????? ????? ????? ???? ????? ???? ?? ?????? (???"? ????? ??????)

IY"H Bekorov!

Long time fan of your thread, but was just getting my feet wet when you let the door swing shut.... Will be glad to have the chance of getting to know ye'

Wishing you my best in this next stage of your journey.

A phoenix vanishes in a blinding, burning explosion of flame, yet somehow a wrinkled newborn fledgling is found amongst the ashes... The raw pain you've shared comes across as a burning in the bones. I hope you can find your way towards peace.

And living.

Warmly,

I'm simply here for the comfort of community...

Not a simple thing. That is **the** thing of GYE. The rest are the various tools in the GYE toolbox. I don't think the expectation is that every tool is necessary or appropriate for every member.

Welcome back and great hatzlachah!

Hey guys. Went to get my hug from HHM, which obviously led to a discussion about my porn usage. I promised him that I'd come up with a game plan this week but I haven't really done anything about it since...

I'm struggling to get myself to call my filter company to reinstall my filter. Additionally I have a substantial "stash" of pornographic images saved to my phone that I have amassed over time. Some of it has strong sentimental value to me for various reasons, it's a big nisayon for me to just get rid of all of it. I need to find the strength within myself to do what I know is right.

wish me luck,

OivedElokim

I understand the attachment and sentimental value and the desire not to get rid of it for that reason. Things that are sentimental are tough to get rid of sometimes it's even worth it to get rid of it because that sentimentality connects to things that are best if we cut the cord with.

Good Luck on peeling off the bandaid and getting rid of it all at once and not incrementally like some of us.
