To be honest no, which sounds stupid when I write it down. Mainly I'm trying to be preventative and avoid situations where I'll feel vulnerable. Do you have any recommendations on how to formulate a plan?

A few questions for everyone here (I might start a dedicated thread for this)

- 1) Have you spoken to a friend about your struggles?
- 2)How did you start the conversation?
- 3)Was it beneficial to either of you?
- 4)Is he someone who struggles, and if not, could he relate to you?

Thanks for your help
